Pvling water to 110 guides! 13.06.2009 - CO2 Guides & Templates - 35 Answers Hey Everyone, this is my first guide, so I hope you like it. This is a pvling guide for waters up to 110. I suggest you have at least one 125 archer, but if lving gets too hard after 122, you can do it at 122. After the production of the water, I suggest to take it to normal plvl spawning, i.e. slows to 40, sand elves to 48 and then falcons to 70. You could only start with alien monkeys, which is just as effective. From 70-82, alien monkeys give the best experience. After 82, go to snakes. Stay there until you... Don't really need as good equipment as a monk for it anyway... If you can spend 16-30 dollars, you could get a set easy enough, since most Super 1 Socs like 100-215 cps are now lol. 02/12/2014, 11:12 #9 elite*gold: 0 Join Date: Jan 2014 Posts: 150 Get lgotten Thank you: 18 Monk will kill a lot, while Warrior will survive, but with bad equipment I think monk better. 02/12/2014, 13:51 #10 elite*gold: 0 Join Date: Jan 2014 Posts: 235 Receive I'm Aweed Thanks: 23 Quote: Originally written by cursesoul10 monk will kill a lot while Warrior will survive, but with bad equipment I think monk better.
